

Your Industrial **Heating** and **Cooling** Convection Connection

AXIOM HEAT TREATMENT LISTENS

We have taken the time to discuss the continual challenges faced by our customers and have addressed these challenges with innovative solutions using our years of industry experience. Our patent-pending technology targets these common industry challenges and provides a solution that will **REDUCE COSTS** and **IMPROVE SCHEDULES** without impacting quality.

Our technology is catapulting us to the forefront of consumers minds when heat treatment needs arise. Our executive leadership team and SME's have more than 100 combined years of experience. The AxiomHT team is focused on delivering a safely-engineered solution with a focus on customer service that goes above and beyond.

COST SAVINGS

- Up to 30% cost savings via our patent pending innovation
- Mobilization Costs
- Set Up Labor
- Equipment
- Tear Down Labor
- Temporary Power

INDIRECT SAVINGS

- Overall Schedule
- Emissions
- Logistics
- 3RD Party Labor Hours

SOLUTIONS

- Axiom offers over 100 years of heat treatment experience
- Finite analysis calculations
- The most efficient and effective "dance floor" for your job.

Your Industrial **Heating** and **Cooling** Convection Connection

WHY AXIOM HEAT TREATMENT?

We keep cost, codes, and calendar in your control.

We are improving the process of field heat treatment through the use of heating and cooling to help get you back to production quicker without impacting the design quality of the equipment we work on.

We work on the front end with your estimators, planners, schedulers and quality groups to engineer a heating and cooling solution that will provide a quality end product that is expedited safely and efficiently.
